

Mugs Away a dart app for dart players.

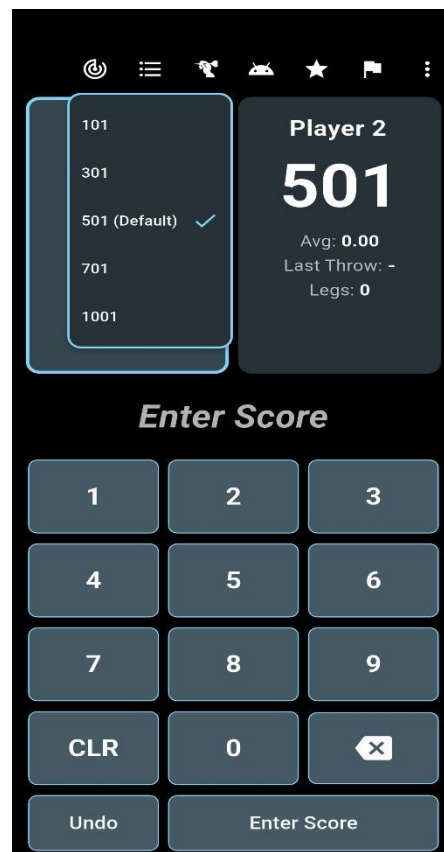

Default game is always 501 continuous.

Players can play 501 until they choose to end the game. Leg scores are shown on the players scorecard.

Menu.

Game Type Menu. Allows players to select 01 game options.

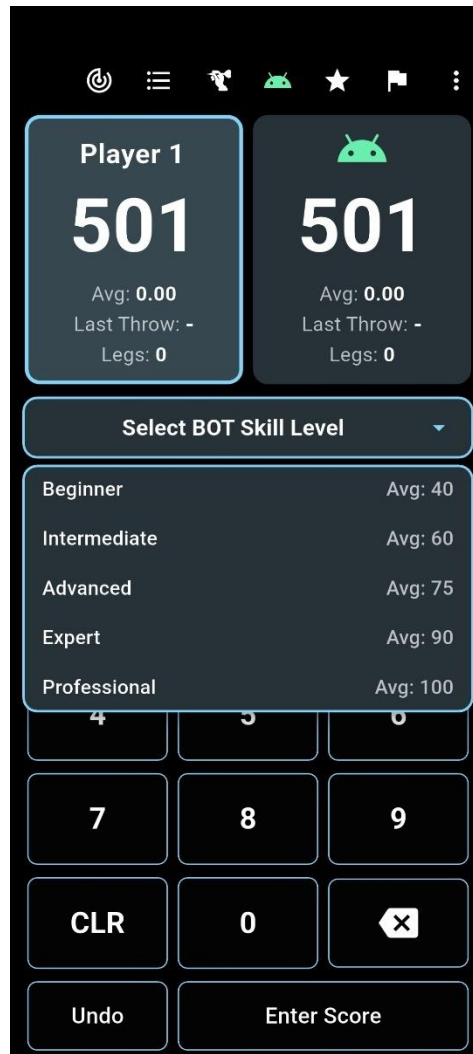

Match Format Menu. Allows players to select Match Format options or create a custom game.

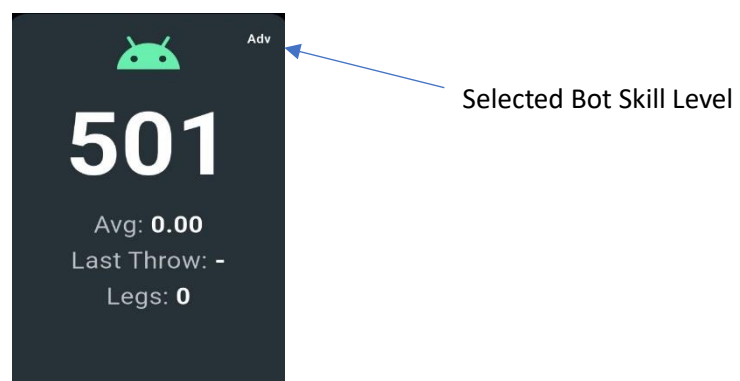

Throwing Rule Menu. Allows players to select Alternative player throw or Mugs Away (loser of last leg throws first).

The screenshot shows a mobile application interface for a disc golf scorekeeping app. At the top, there's a toggle switch and a menu box with two options: "Alternate Throw (Default)" which is selected with a checkmark, and "Mugs Away (Loser Throws First)". Below this, there are two player scorecards. The left one is labeled "Play" and shows a score of "501", an average of "0.00", a last throw of "-", and 0 legs. The right one also shows "501", "0.00", "-", and 0 legs. A vertical menu with three dots is on the right side of the scorecards. Below the scorecards is a section titled "Enter Score" with a keyboard layout of buttons: 1, 2, 3, 4, 5, 6, 7, 8, 9, CLR, 0, a backspace button with an 'x', an "Undo" button, and an "Enter Score" button.

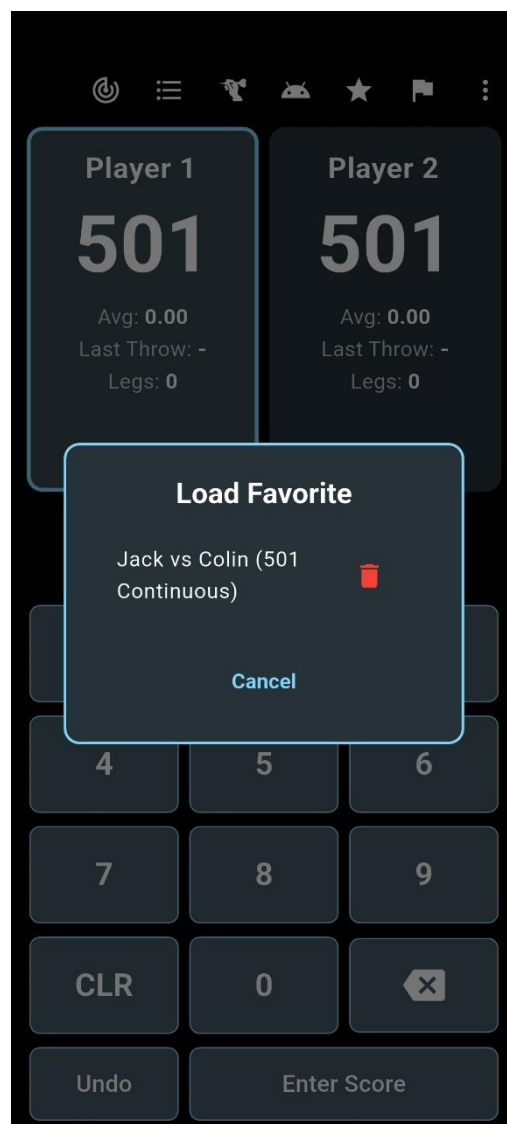

Enable/disable Bot. Clicking this icon allows single players to have an opponent. Once clicked select Bot skill level from the dropdown menu.

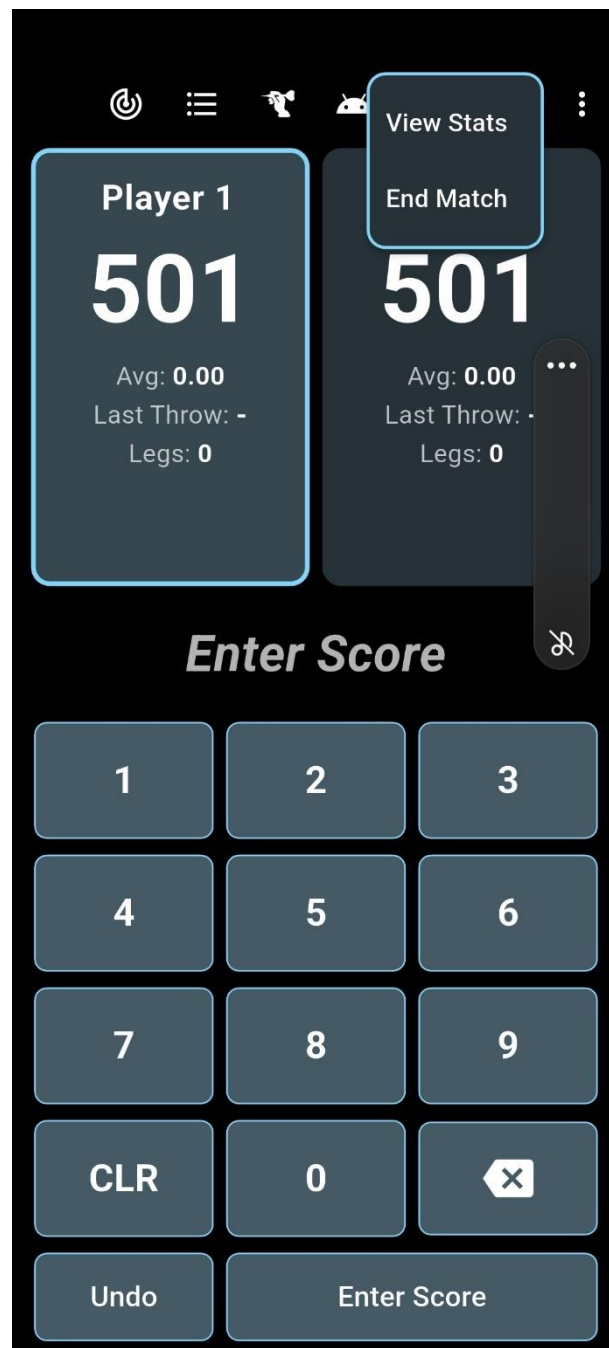

Once selected skill level will be shown on the Bots scorecard clicking this will re-open the skill select dropdown menu.

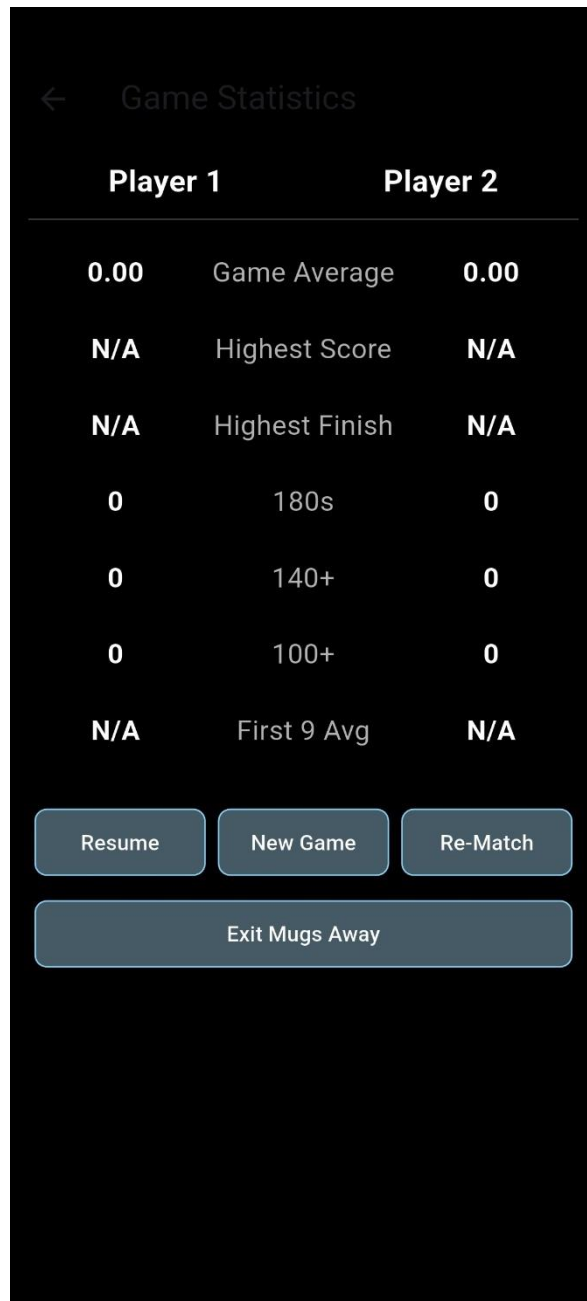

Favourites Menu. Allows players to save, load and delete favourite game setups

Match Actions menu. Selecting the flag icon will allow the players to view match statistics while the game is ongoing. Selecting End Match will show the final statistics of the Match.

Statistics Page. The statistics page shows the current game stats or the final stats of the game depending on menu selection. From this page the players can resume the current game, start a new game, or if the game has ended, start a rematch with same settings. Players can also close the app.
